WHO KNOWS? MAYBE HE ASKED FOR A MEDICINE TO BECOME EVEN MORE BEAUTIFUL.

HE COULDN'T BE LIKE THE YELLOW CROAKER FAMILY WHEN HE'S THAT PERFECT, COULD HE?

The Yellow Croaker Kingdom! They were the most beautiful fish species of the time but met the most tragic end Although they had a beautiful upper body they were the half fish species that possessed a fat lower body

When the media was a little unfavorable during the height of the kingdom the yellow croakers made a deal with the sea witch to remove this weakness Then the king committed a terrible deed he made his daughter be the first person to try this medicine

After taking the medicine the princess gained two legs but when she went near the shore a man dragged her away

He was the son of the owner of a huge sushi restaurant. When the king found out he asked his daughter to return

But the princess refused and stayed there But since the medicine was still untested there was an unknown side effect that turned her back into a golden yellow croaker

Fish families are often divided into three types

1 Yellow Croaker which include the half fish species
2 Hair-tail fish which have the human-fish species
3 Servant Jang like fish species

But all of the turn to fish on land

But the man not knowing who the yellow croaker was prepared her as a special dish

On the other hand, the sea world mourned the tragic tale
Arguing that the lower body is not beautiful the yellow croaker king was overthrown.

Time passed and the Estuary tapertail anchovy kingdom began but their appearance was not beautiful nor was there a great tale of love
Hence the Hair-tail fish kingdom began

But even then fish would still secretly visit the sea witch to fix parts of their bodies that they couldn t cover

THE RESULT OF TODAY'S POLL: "DO YOU LIKE FAT FISH OR BEAUTIFUL SKINNY FISH, EVEN IF THEY REACHED THIS STATE ARTIFICALLY?"
8.5%
30%
VARIETY SHOW
90% OF THE VIEWERS ANSWERED THAT PRETTY AND SKINNY FISH ARE BETTER.

But It appears as though Prince Chi's love is not progressing smoothly
The sea world fish families started criticizing their love The media frenzy began
WITH THAT FACE, WHAT WILL THEIR CHILDREN LOOK LIKE?
The King was so enraged by this face that he declared that all mackerels would be exiled to the end of the pacific ocean
And Servant Jang was sentenced because he did not protect the prince
